### DETAILED ACTION

1. This communication is responsive to the amendments filed on March 15, 2005. Applicant's amendments and remarks have been carefully considered.

2. Claims 1, 13, 14 and 17 are rejected under 35 U.S.C. 103(a) as being unpatentable over Rodnunsky (US 5,224,426) in view of Sirjola (US 6,023,862).

Rodnunsky discloses a system similar to that recited in the instant claims, including platform 57, YZ movement rope 49, Z movement device 5, Y movement motor 23, and Z movement motor 4.

Regarding the instant claimed platform being coupled with sheaves that do not comprise brakes, Applicant should consider that in Rodnunsky, at least sheaves 43a, 43b, 43c, and 43d do not comprise brakes as claimed.

Regarding instant claimed computer control, note that the concept of computerizing the operations of a system is well known. Note for example Sirjola, column 2, lines 36-37, wherein, the functions of a rope system alternatively may be controlled by a computer program. Accordingly, it would have been obvious to one skilled in the art to apply such well known concept to the structure of Rodnunsky by computerizing various operations of the rope system of Rodnunskys so as enhance conveniences, efficiencies, and accuracies of such operations.

Regarding the instant method claims, note that the operation of the structure of Rodnunsky, as modified, inherently requires the method steps recited in the instant method claims.

3. Applicant's amendment necessitated the new ground of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark T. Le whose telephone number is 703-308-3663. The examiner can normally be reached on Mon-Fri (8:00-5:00).
